CHECKS PASSED	CHECKS FAILED	REPORTS GENERATED

PROJECTS

• Metro Depot – Civil & Track Works: 6 drawings · 24 items · 0 drawings completed · 12 items partly unallocated · 4 items worked without allocation

• Metro Depot – Civil & Track Works: 156 reports · 152 activities · overall 51.8 % (plan 53 %) · 64 completed, 22 delayed · 39,592 man-days · cost ₹ 137,446,855.56 · 13 hindrances · 5 requirements

• Hospital Block G+8: 4 drawings · 16 items · 0 drawings completed · 8 items partly unallocated · 1 items worked without allocation

• Hospital Block G+8: 104 reports · 60 activities · overall 57.6 % (plan 59.3 %) · 27 completed, 11 delayed · 12,024 man-days · cost ₹ 42,536,914.41 · 4 hindrances · 7 requirements

• Sample – Water Treatment Plant: 2 drawings · 4 items · 0 drawings completed · 2 items partly unallocated · 0 items worked without allocation

• Sample – Water Treatment Plant: 4 reports · 4 activities · overall 34.1 % (plan 45.4 %) · 0 completed, 2 delayed · 91 man-days · cost ₹ 1,102,200.00 · 0 hindrances · 1 requirements

CHECKS

#	Check	Result	Details
1	Reads during writes never fail or see a row twice	PASS	7.8 s
2	Report numbers are unique	PASS	156 reports, 101–257
3	Report numbers follow date order	PASS	
4	First report number respected	PASS	first 101, configured 101
5	Next report number = last + 1	PASS	
6	Next report date is a working day after the last report, not in the future	PASS	last 10-Nov, next 11-Nov
7	Activity progress = Σ today's quantities	PASS	152 activities
8	% complete = done ÷ planned, capped at 100	PASS	
9	Over-reported activities stay at 100 % and show Completed	PASS	64 over plan
10	Overall % within 0–100	PASS	51.83 % (planned 53.04 %)
11	Forecast finish dates are working days	PASS	
12	Earned value never exceeds budget	PASS	
13	Cumulative 'to date' in every report = running total	PASS	2071 rows in 156 reports
14	Single-report loader agrees with bulk loader	PASS	12 reports compared
15	Report manpower & man-hour totals match rows	PASS	
16	Cost of each day = Σ manpower + machinery + material (exact, to the paisa)	PASS	
17	Project cost (progress engine) = Σ daily costs	PASS	₹ 137,446,855.56
18	Labour cost per activity matches	PASS	
19	Subcontractor-wise + department-wise man-days = total	PASS	39591.75 man-days
20	Filter: date + status	PASS	72 reports
21	Filter: subcontractor	PASS	148 reports
22	Sort: most manpower first	PASS	
23	Search “Excavation”	PASS	147 reports
